MEN'S GYMNASTICS EVENTS

POMMEL HORSE

The gymnast must cover all three areas of the horse, the middle and both ends, while performing continuous circular movements interrupted only by the required scissor element. The only parts of the body that should touch the apparatus are the hands. The entire exercise should flow with a steady, controlled rhythm. Considered by many to be the most difficult of all men's gymnastics events, the pommel horse is also the most subtle. Each move is defined by complex hand placements and body positions. NCAA rules require gymnasts to include single leg work, circles, spindles and handstands, side and cross travels, kehes and wendeswings and a dismount. The pommel horse stands 42 inches high as measured from the top of the mat to the top of the apparatus.

FLOOR EXERCISE

The entire floor area must be used during the exercise, which consists primarily of three to five tumbling passes performed in different directions. The new NCAA scoring system requires gymnasts to include non-acrobatic elements, acrobatic forward, backward and sideward elements and a dismount. The exercise must also contain elements of balance, strength, jumps and leg circles. The area of the floor exercise mat is 40 feet by 40 feet.

STILL RINGS

The ring routine must include a swing to a handstand, swing to a strength element and a static strength skill. The exercise must also include kip and swing portions that may not lead to a held position. Examples of strength elements include a cross, an inverted cross or a planche. The rings should be absolutely still and in control at the end of each skill. The rings are 100 inches from the top of the mat.

VAULT

Each individual vault is categorized in the Code of Points, the official text giving relevant value of each skill performed. During the pre-flight from the springboard to the horse, the body must maintain proper form, i.e. legs together and straight. During the second flight, from the horse to the landing, the gymnast's body must rise and show a complete body extension before landing. The landing should be firm, without extra steps, and in line with the horse. The men's vault stands 53 inches high. The runway is a maximum of 82 feet long.

PARALLEL BARS

A parallel bar routine consists of swinging, flight and hold elements. The gymnast is required to execute swinging skills which originate from a support, a hang below the bars and an upper arm hang. Also required is at least one skill from the strength, leg swing and side bar element group. The parallel bars stand 70 inches high.

HIGH BAR

The routine on the high bar consists exclusively of swinging parts without stops. The gymnast must execute at least one move in which he releases and re-grasps the bar, and must perform at least one giant with either his back to the bar or with an "eagle" grip in which the wrists are rolled outward until the thumbs are on the outside. The gymnast is also required to perform an "in bar" skill like a stalder circle. The bar is 100 inches from the top of the mat.

MEN'S GYMNASTICS SCORING

HISTORY:

Prior to 2005, both men's and women's gymnastics used the well-known scoring system with a top score of a "perfect 10." However, in 2005, gymnastics officials created a new scoring system for men's gymnastics. In this new system, there is no limit to the score a gymnast can achieve for his routine. The top performances in men's gymnastics right now are receiving scores in the 15s and, occasionally, the low 16s.

There are three components used in judging a men's gymnastics routine: difficulty, element groups and execution.

THE DIFFICULTY SCORE:

There are nine countable skills, plus a dismount. Skill values range from A to H, with A being the easiest and H being the hardest. (A: 0.1, B: 0.2, C: 0.3, D: 0.4, E: 0.5, F: 0.6, G: 0.7, H: 0.8). Judges will add the values of the 10 skills together to get the gymnasts' difficulty score.

Example Routine: E(0.5) D(0.4) C(0.3) C(0.3) D(0.4) B(0.2) A(0.1) B(0.2) B(0.2) D(0.4) equals a difficulty score of 3.0.

ELEMENT GROUPS:

There are four different element groups on each event and each group is worth 0.5. For each of the element groups that a gymnast fulfills, he receives 0.5. If all four element groups are fulfilled, a gymnast will receive 2.0.

EXECUTION SCORE:

Each gymnast automatically starts with an execution score of 10.00. Judges can take the following deductions from that 10.00 score:

Small Error	0.1 (little step, small leg separation, slight knee bend, slight arm bend)
Medium Error	0.3 (big step, medium leg separation, medium knee bend, medium arm bend)
Large Error	0.5 (large leg separation, large knee bend, large arm bend)
Fall	1.0 (falling off apparatus)

The totals of these three components are added together to reach a start value:

Execution Score	10.0
Element Groups	2.0
+ Difficulty Score	3.0
= Start Value	15.5

If the gymnast had 0.9 points taken off for execution errors, the execution score would be 9.1 and the final score would look like this:

Execution Score	9.1
Element Groups	2.0
+ Difficulty Score	3.0
= Final Score	14.6

WHAT TO LOOK FOR:

Though the scoring system is complicated, fans can still identify great routines without knowing everything about the scoring system. When watching a routine, be sure to look for:

Good Form and Execution: A gymnast should always look as though he is in complete control, even when performing the most difficult of skills. Good form in gymnastics includes pointed toes, straight arms and legs and a tightness throughout the body. Every movement should look planned.

Strength Moves Held Long Enough: On the still rings and on floor, the gymnast must stay in position for two seconds on each strength move (e.g. an iron cross).

Height and Distance: In tumbling passes, vaults and release moves, the gymnast should look as if he is exploding off the apparatus. On vault, the distance a gymnast travels from the horse is also a factor in his final score.

A Stuck Landing: On vaulting, dismounts, and tumbling passes on floor, the gymnast should end with a "stuck landing" -- he should not move his feet once they hit the ground. The gymnast is not allowed to lunge backward out of tumbling passes. (The women used to be able to do this without deduction, but it is now considered an error in women's artistic as well).

Uniqueness of the Routine: A great gymnast will perform a routine that looks different from the rest. It will have something special about it -- risky tricks, an artistic flair or skills that are simply unique from others performed in the competition.

NEBRASKA MEDIA INFORMATION

The 2019 Nebraska men's gymnastics media guide is designed to assist the media in its coverage of Husker gymnastics. Additional information, including releases and photographs, may be obtained by contacting Paige Stanard in the Nebraska Communications Office at (402) 472-2264. Please take a moment to review the following policies and services that are intended to assist you in your coverage of Nebraska gymnastics this season. Thank you for your continued interest in collegiate gymnastics.

Media Parking: Parking for the media is in lot 52 on the south side of the Devaney Center. Handicap parking is primarily on the East side of the Devaney Center.

Devaney Center Directions: The Bob Devaney Sports Center is located on the west edge of the Innovation Campus. To reach it from the Lincoln Municipal Airport, turn right on Northwest 12th Street as you drive out of the airport. Northwest 12th Street becomes Cornhusker Highway, which intersects with 14th Street. Exit south on 14th Street off Cornhusker Highway. Travel to Military Avenue and turn left. Continue a half mile and enter the Innovation Campus. Take the first right turn before the Devaney Center and follow the access road to Lot 52 on the South Side of the arena. From Omaha's Eppley Airfield, follow the signs to downtown Omaha and I-480. Take I-480 west to I-80, then take I-80 west approximately 60 miles to I-180. Exit south on I-180, then exit east to Cornhusker Highway and follow the instructions above.

COACHES AND STAFF

2019 NEBRASKA MEN'S GYMNASTICS COACHES

CHUCK CHMELKA

HEAD COACH | 10TH SEASON

Chuck Chmelka enters his 10th season as Nebraska's head coach prepared to lead the Huskers through their eighth season in the Big Ten in 2019.

In his last nine years as NU's head coach, he has helped produce six top-10 NCAA finishes and 12 All-Americans. Chmelka looks to continue leading the Huskers to become one of the nation's top-ranked programs in the years to come.

In 2018, Chmelka led the Huskers to their best national finish since 1999, as the team finished fifth nationally. Additionally, he produced four All-Americans. Chmelka also developed the vault program, as Anton Stephenson placed second at the NCAA Championships and three Huskers (Anton Stephenson, Jake Bonnay and Kyle King) placed in the top three at the Big Ten Championships.

In 2017, Chmelka led the Huskers to the team finals at the NCAA Championships for the first time since 1999, with the team finishing sixth nationally. Chmelka produced two All-Americans in Austin Epperson and Kyle King - both on floor. Additionally, Anton Stephenson claimed the Big Ten vault title at the Big Ten Championships, becoming Chmelka's first conference winner and Big Ten Champion, and the program's first since 2002. Chmelka also helped Chris Stephenson claim NCAA Gymnast-of-the-Week accolades in 2017.

The 2016 season was a record-breaking campaign for Chmelka's Huskers. The team shattered school records nearly every week, including total team score, total floor score (twice), total pommel horse score (twice) and total high bar score. Individually, Ethan Lottman and Kyle King broke the program record on pommel horse (15.55) and floor (15.85), respectively.

The Huskers made a run in the postseason as well. Daniel Leal placed second on parallel bars at the 2016 Big Ten Championships.

At the 2016 NCAA Championships, the team finished seventh. Four gymnasts (Ethan Lottman, Sam Chamberlain, Austin Epperson and Anton Stephenson) took home All-America awards. It was the first time since 1998 that four Husker gymnasts took home an All-America honor.

In 2015, Chmelka helped the Huskers overcome several health issues during the season. Junior Ethan Lottman erupted for a breakout year under Chmelka, earning All-America honors on pommel horse at the NCAA event finals. Lottman also captured the Elite 89 Award and second-team CoSIDA Academic All-America accolades.

The Huskers completed the 2014 season strong despite being plagued with injuries early. Wyatt Aycock led the team in the all-around, earning his second All-America honor in a row. Over the course of the season, a total of 15 Huskers tied or set career-highs on individual events. These achievements helped pave the way for NU's eighth-place finish at the 2014 NCAA Championships.

Chmelka led Nebraska to history in the 2013 season by producing three All-Americans in Wyatt Aycock, Grant Perdue and Sam Chamberlain. The trio became NU's 48th, 49th and 50th All-Americans since 1975. At the time, these All-America honors were the most earned in a single season since the program last produced three All-Americans in 1999.

Chmelka first led a historic change in Nebraska's program in 2012, as the Huskers entered their first season in the tradition-rich Big Ten Conference. Under Chmelka's leadership, NU completed its inaugural Big Ten season with a 10th-place NCAA finish paced by freshman All-American Grant Perdue.

Historic changes are nothing new to Chmelka. Before the 2010 season, Chmelka replaced legendary NU coach Francis Allen, an icon of U.S. men's gymnastics.

In his first season as head coach, Chmelka helped the Huskers improve in 2010. Nebraska returned to the national top 10 by tying for ninth with a veteran team. In 2011, the Huskers continued to build by posting another top-10 national finish despite a lineup made up of primarily first- and second-year gymnasts.

Chmelka has deep ties to the tradition-rich Nebraska gymnastics program. He served as an assistant under Allen from 1986 to 2009, and assisted with three of the Huskers' eight national team championships. Chmelka also competed at Nebraska from 1978 to 1981 and was a member of NU's first three national championship teams in 1979, 1980 and 1981.

Since Chmelka joined the staff in 1986, he has coached Nissen-Emery Award winners Wes Suter (1986) and Tom Schlesinger (1988) and helped Nebraska win eight conference crowns. Chmelka was named the 2007 CGA West Region Assistant Coach of the Year and was a finalist for the 2009 CGA West Region award.

Since 1982, Chmelka has been the program director and head coach for the Nebraska School of Gymnastics (NSG) boys' team, producing such athletes as former Nebraska All-Americans Dusty Jakub, Blake Bukacek, Derek Leiter, Ryan McEwen, Burkett Powell and Jason Christie. NSG athletes have competed in the Junior Pan American Games, Junior Olympic Nationals, Olympic Festival and have traveled abroad for various competitions (Junior Pacific Alliance Championships and USA vs. Canada).

After completing his eligibility at NU, Chmelka was a volunteer assistant coach while finishing his bachelor's degree in community health, which he earned in 1982. In 1988, Chmelka added a bachelor's degree in education.

An Omaha South graduate and product of Omaha Sokol and the legendary Phil Cahoy Sr., Chmelka was a high school and collegiate teammate of Husker Olympians Jim Hartung and Phil Cahoy Jr.

Chmelka is married to former Husker gymnast and Lincoln native Kim Grabowski. A four-year letterwinner, Grabowski helped the Huskers win the 1983 Big Eight Championship and was crowned the all-around champion the same year. The couple has one son, Alex, who attends the University of Nebraska.

JIM HARTUNG

ASSISTANT COACH | 14TH SEASON

One of gymnastics most highly decorated competitors of all time, Jim Hartung enters his 14th season as the Nebraska assistant coach. Hartung has dedicated his life to bettering the sport he loves. Over the last 31 years, Hartung has worked in all aspects of the gymnastics community from competing to judging and now coaching, and has earned a level of success paralleled by few in his field.

In 2018, Hartung led the Huskers to their best national finish since 1999, as the team finished fifth nationally. He also helped produce four All-Americans. Hartung also developed the vault program, as Anton Stephenson placed second at the NCAA Championships and three Huskers (Anton Stephenson, Jake Bonnay and Kyle King) placed in the top three at the Big Ten Championships.

In 2017, Hartung helped lead the Huskers to the team finals at the NCAA Championships for the first time since 1999. The team finished sixth nationally, while Austin Epperson and Kyle King each grabbed All-America honors in 2017. Additionally, Anton Stephenson claimed the Big Ten vault title at the Big Ten Championships, becoming the program's first conference champion since 2002. Hartung also helped Chris Stephenson claim NCAA Gymnast-of-the-Week accolades in 2017.

In 2015 and 2016, Hartung helped Ethan Lottman earn All-America honors on pommel horse. In 2016, Hartung also played a vital role in freshman all-arounder Anton Stephenson's success. Stephenson placed seventh on parallel bars at the NCAA Championships and earned All-America honors. The team finished seventh overall, its highest finish since 1999.

A protégé of the prestigious Omaha Sokol gymnastics club, Hartung came to the University of Nebraska as a freshman gymnast in 1979 and made an outstanding debut onto the collegiate scene under head coach Francis Allen. Hartung garnered All-America status on five of six events during his freshman season and went on to amass a total of 22 All-America awards and seven NCAA individual titles over the next three years. His accolades included a pair of all-around titles in 1980 and 1981.

Hartung also led the Huskers to their first four NCAA team titles and consequently became Nebraska's first Nissen-Emery Award winner in 1982. The Omaha native finished his collegiate career as the most highly decorated gymnast in Nebraska history and still owns the program's all-around record of 58.55 which he earned in 1981.

His tremendous collegiate career led Hartung to the Olympics before he even had a diploma in hand, as he was first selected to the U.S. team in 1980. Hartung repeated the honor in 1984 after graduating from NU. He helped the United States to its first and only team gold medal at the summer games in Los Angeles, Calif.

After competing in the Olympics as an athlete, Hartung went on to spend nearly a decade as a visitation coach for the U.S. national team and became one of the top 10 gymnastics judges in the world.

In his first year with the Huskers in 2006, Hartung made an immediate impact. His hands-on work ethic and knowledge of gymnastics technique brought a new level of training to the Nebraska gymnastics program.

JOHN ROBINSON

ASSISTANT COACH | NINTH SEASON

John Robinson enters his ninth season as a Nebraska assistant coach in 2019 after helping the Huskers to five top-10 NCAA finishes.

Robinson handles most of the team's recruiting, marketing, fundraising and program development. His coaching methodology focuses on structured design plans and setting up competition environments in practice.

Robinson has been a key contributor in producing many of the program's top gymnasts in recent years, including All-Americans Anton Stephenson, Wyatt Aycock and Grant Perdue, and 2014 Big Ten still rings medalist Robbie Kocks.

Most recently, Robinson helped lead the Huskers to their best national finish since 1999, as the team finished fifth nationally in 2018. He helped produce four All-Americans. Robinson also helped develop the vault program, as Anton Stephenson placed second at the NCAA Championships and three Huskers (Anton Stephenson, Jake Bonnay and Kyle King) placed in the top three at the Big Ten Championships.

Robinson helped develop Big Ten medalist Daniel Leal, who placed second at the 2016 Big Ten Championships in Columbus, Ohio, on parallel bars as a sophomore with a career-high score of 15.425. At the time, it was the Huskers' seventh conference medal since joining the Big Ten. Robinson also played a vital role in the program's best finish in nearly two decades. In 2016, the Huskers finished seventh overall at the NCAA Championships, their highest finish since 1999. In 2017, the Huskers advanced to the team finals at the NCAA Championships for the first time since 1999. The team finished sixth nationally, as Austin Epperson and Kyle King each grabbed All-America honors in 2017. Additionally, Anton Stephenson claimed the Big Ten vault title at the conference championships, becoming the program's first conference champion since 2002. Robinson also helped Chris Stephenson claim NCAA Gymnast-of-the-Week accolades in 2017.

Within the next few years, Robinson hopes to help Nebraska bring back the national title and continue to build on the program's tradition of excellence.

"John brings a ton of enthusiasm and a positive work ethic to our coaching staff," Coach Chuck Chmelka said. "We are very excited to have him at Nebraska."

A former Husker gymnast, Robinson competed in the all-around for three of his four seasons at Nebraska. He was a four-year letterman at NU from 2007 through 2010.

A native of North Carolina, Robinson was a Husker leader for four seasons. As a senior, Robinson was named Nebraska's Hartung Award winner. He also earned a spot in the finals at the 2010 Winter Cup—at the time, only the second Husker ever to do so. He was also the Mountain Pacific Sports Federation Gymnast of the Week on Feb. 2, 2010, after earning the individual all-around title against Minnesota and Air Force on Jan. 30. However, his senior season was cut short by a hand injury.

Robinson competed as an all-arounder at the 2008 NCAA Championships, before earning Nebraska's Most Improved Gymnast Award as a sophomore.

In his first season at Nebraska in 2007, Robinson competed in every meet, including the NCAA Qualifier. He came to Nebraska as a product of Weyandt's Gymnastics Academy in Charlotte, N.C. He was a six-time Junior Olympic national qualifier and a three-time North Carolina state champion.

Robinson earned his bachelor's degree in marketing from Nebraska in 2010. He looks to continue his career in coaching and aspires to break into the international coaching scene. Robinson is married to former Scarlet, Rachel Russell. The couple has one daughter, Elizabeth (Ellie).

NEBRASKA ATHLETIC DEPARTMENT

**BILL MOOS**ATHLETIC DIRECTOR | 2ND YEAR
WASHINGTON STATE | 1973

Honor the past. Live the present. Create the future.

Nine simple words that carry impressive significance and undeniable responsibility. Words that Nebraska's new athletic director uses to lead his programs and set the tone for building champions in competition and in life.

William H. (Bill) Moos was named Nebraska's Athletic Director on Oct. 15, 2017, and fully assumed those responsibilities on Oct. 23.

Moos, who became the 15th athletic director in the history of the storied Cornhusker program, brings nearly 25 years of experience as an athletic director at three Division I schools (Washington State, Oregon, Montana) with him to Nebraska. More importantly, he brings an impressive track record of success in building outstanding programs, developing long-term relationships, and for doing what is best for his schools, its fans and most importantly, its student-athletes.

"When you name the top three, four, five athletic programs in the great positions as an athletic director, Nebraska is in that same breath," Moos said at his introductory press conference at Memorial Stadium. "I want you to know that my motto has always been, in the 25 years I have been a Division I athletic director and it will be here too is very simple - honor the past, live the present, create the future."

In his first six months at Nebraska, Moos made three coaching hires. He drew universal praise for hiring Scott Frost, the 2017 consensus national coach of the year, as Nebraska's head football coach in December. Following the spring semester, Moos also hired Mark Hankins to coach the men's golf team and Sean Maymi to lead the men's tennis program.

Moos also oversaw several team successes in his first six months in Lincoln. He watched the volleyball team win its fifth national title and second in three seasons in December. In 2018, both the men's and women's gymnastics teams finished in the top six at the NCAA Championships, while bowling finished third and rifle finished eighth. Nebraska also continued its excellence in the classroom, producing four CoSIDA Academic All-Americans, including three first-team selections. The awards increased Nebraska's nation-leading total to 333 all-time CoSIDA Academic All-Americans across all sports.

Moos came to Lincoln after spending seven-plus years at Washington State (2010-17). He previously served 12 highly successful seasons as the athletic director at Oregon (1995-2007).

During his time at his alma mater, Moos wasted little time in making his impact felt in Cougar Athletics, spearheading a department-wide rebranding effort with Nike while securing a 10-year, \$35 million marketing rights agreement with IMG College.

In addition, the 2004 WSU Alumni Achievement Award winner gained Regents approval for a \$130 million addition and remodel of Martin Stadium, featuring a remodeled press box with luxury seating, including suites, loge boxes and club room.

Also included in the project was a state-of-the-art video board and an 80,000-square-foot football operations building that served as the stadium's showpiece and opened in May 2014.

As the dean of Pac-12 athletic directors, Moos was at the forefront of the conference's procurement of a 12-year, \$3 billion television contract with FOX and ESPN, a landmark agreement in college athletics. Under Moos' direction, the Cougar Athletic Fund's Annual Giving program saw an 81 percent increase in gifts while CAF donor members rose from nearly 4,000 to more than 7,500.

Additional facility enhancements under Moos included a center-hung video board in Beasley Coliseum that was installed prior to the 2011-12 season, giving Cougar basketball one of the premier fan experiences in the conference. An indoor golf hitting facility was also completed in early 2013, and Lower Soccer Field underwent a major renovation making the venue TV-ready while also providing one of the best playing surfaces on the West Coast, along with the addition of lights and a new scoreboard.

Other enhancements were made to the Mooberry track facility, Bailey-Brayton Field, the basketball practice gym, Gibb Pool and the Simmelink Indoor tennis courts. In Moos' seven years at WSU, Cougar student-athletes and coaches accounted for 805 academic all-conference selections, 130 all-conference accolades, 45 All-America honors and three Pac-12 Coach-of-the-Year honors.

Moos served as Oregon's director of athletics from July of 1995 to 2007. While at Oregon he oversaw a 17-sport athletic department that grew to national prominence during his tenure. Oregon's annual athletic department budget grew from \$18.5 million in his first year to more than \$40 million by 2007, becoming 100 percent self-sufficient during that time. Under his direction the Duck Athletic Fund donor base increased from 4,930 to 12,290, resulting in an annual gifts increase from \$4.1 million to \$15.3 million.

Moos initiated more than \$160 million in facility improvements while at Oregon. Included in that was the \$90 million Autzen Stadium renovation in 2002, which added 12,000 new seats, 32 new suites, a new Club at Autzen and a new press box to the stadium. In his 12 years, the Ducks ranked first in Pac-10 football attendance 11 times, reaching 100 percent capacity in each of those seasons.

During Moos' tenure, Oregon athletics captured 13 Pac-10 championships across six different sports. He increased opportunities for women by adding two intercollegiate programs, soccer and lacrosse, and negotiated an all-inclusive shoe and apparel contract with Nike, one of only 14 in the country at the time. From an academic standpoint during Moos' tenure, Oregon student-athletes collected 722 academic all-conference selections, 34 Academic All-America selections, nine NCAA Postgraduate Scholarship recipients and one NCAA Top Ten Award.

During his first stint as a collegiate athletic director at Montana (1990-95), Moos created an academic support program and hired its first athletic academic coordinator, developed a facility enhancement plan that created more than \$4 million in improvements, and lifted the school's fund-raising efforts to show a 300 percent increase in private and corporate gifts.

Academically, Montana student-athletes were equally successful as the athletic department achieved a graduation rate 20 percent higher than the general university enrollment. Under Moos' watch Montana garnered 269 academic all-conference selections, five Academic All-Americans and two NCAA Postgraduate Scholarship recipients.

Moos began his athletic career as an athletic administrator in 1982 as assistant athletic director at Washington State. He also served as the school's associate athletic director (1988-90).

At Washington State, he was director of development for more than five years and associate director for nearly two years, supervising all external operations. Prior to that, he managed and owned private businesses in Washington and Oregon for eight years. He was a student assistant football coach at Washington State for the 1973 season, then spent part of 1974 in Washington, D.C., serving as a government intern.

Raised on a wheat and cattle ranch in eastern Washington, Moos attended high school in Olympia when his father served in the governor's cabinet. Moos earned his bachelor's degree in history from WSU and was a three-year letterman in football before concluding his collegiate career by representing Washington State in the 1972 East-West Shrine All-Star Game in San Francisco.

He served as co-captain on the Cougars' 1972 squad and garnered first-team All-Pac-8 Conference honors. Moos and his wife Kendra have three daughters: Christa, Brittany and Kaiti; and two sons, Bo and Benjamin.

UNIVERSITY ADMINISTRATION

**HANK
BOUNDS, PH.D.**

UNIVERSITY OF NEBRASKA PRESIDENT | 4TH YEAR
SOUTHERN MISSISSIPPI | 1991

On January 12, 2015, the Board of Regents appointed lifelong educator Hank M. Bounds, Ph.D., as the seventh president of the University of Nebraska (NU). Bounds began his tenure on April 13, 2015, bringing a demonstrated record of expanding opportunities for students, improving higher education outcomes and efficiencies, and building successful partnerships with policymakers, donors and business leaders.

He has continued working to improve educational outcomes and build partnerships since his arrival in Nebraska. Bounds has connected with leaders within the university, in the private sector, in government and in the military to increase collaboration and innovation. In late 2015, he worked with the University of Nebraska Foundation to launch a two-year, \$200 million fundraising initiative to increase access and create success for current and future students. In 2015, Bounds also launched a university-wide Food for Health initiative—the first of several programs designed to increase collaborations across NU and incentivize new research that addresses critical issues important to Nebraskans and result in greater research funding opportunities. Supporting quality teaching is an important focus for Bounds, and in spring of 2016, he made a \$3.5 million strategic investment to hire additional faculty and expand NU's online course offerings. And, Bounds announced in late 2015 that NU's enrollment has grown to its highest level in 22 years — marking progress toward the Board of Regents' goals to expand educational access to Nebraskans and attract more talent to the state to meet workforce needs.

Bounds grew up in Mississippi. His service in the Army National Guard helped him pay for college, and he earned bachelor's and master's degrees from the University of Southern Mississippi and a doctorate from the University of Mississippi.

Bounds has devoted his 25-year career to helping change students' lives in the same way education opened doors in his own life. He began as a high school teacher, then rose to principal, superintendent and state superintendent before becoming Mississippi's commissioner of higher education in 2009. In that role, he oversaw a complex system of eight public universities. Today, under his leadership, the University of Nebraska enrolls nearly 52,000 students, employs over 13,000 faculty and staff, and operates with an annual budget of 2.5 billion dollars—including \$235 million in research expenditures.

He has identified four cornerstones that will separate NU from the rest of higher education and define a new era in university history: 1) The University of Nebraska will be the best university in the nation to be a student. 2) The University of Nebraska will transform lives through research and innovation. 3) The University of Nebraska will work hand in hand with our partners to achieve our goals. 4) The University of Nebraska will win with people.

Bounds holds a faculty appointment in the College of Education and Human Sciences at the University of Nebraska-Lincoln and courtesy faculty appointments in the Colleges of Education at the University of Nebraska at Omaha and the University of Nebraska at Kearney. He serves on the board of directors for several organizations, including the National Association of System Heads (NASH), the Robert B. Daugherty Water for Food Institute, the Nebraska Innovation Campus Development Corporation, the Nebraska Advanced Manufacturing Coalition and the Consultation Committee for US Strategic Command (USSTRATCOM). He is also on the Board of Governors for the Knights of AKSARBEN.

Bounds and his wife, Susie, are the parents of a son, Will, and a daughter, Caroline. They reside in Lincoln, Nebraska.

UNIVERSITY BOARD OF REGENTS

The Board of Regents consists of eight voting members elected by district for six-year terms, and four non-voting student Regents, one from each campus, who serve during their tenure as student body president. The board supervises the general operations of the university, and the control and direction of all expenditures. The board also includes a corporation secretary who manages all records including agendas, minutes, notices, policies and bylaws. Those documents can be found on the web at nebraska.edu/board/.

The board meets regularly, primarily in Lincoln but also in Omaha and greater Nebraska. Persons wishing to provide information to the board or to appear before it should contact: Corporation Secretary, University of Nebraska, Varner Hall, 3835 Holdrege, Lincoln, NE 68583.

2019 (SEASON OUTLOOK)

After an impressive 2018 season on still rings, Heath Anderson is expected to compete regularly for the Huskers in 2019 on the event. Anderson provided a spark for the Huskers on an event that typically produced lower scores and is looking to continue to help the team improve on that event as a senior.

2018 (JUNIOR)

Anderson had an impressive season as a junior, competing in every meet for the Huskers on still rings. Anderson was one of the teams strongest competitors on the event. Anderson scored a season-best score on the event at the Rocky Mountain Open with a 14.40 and helped the team to the NCAA Championship Team Finals, where the Huskers finished fifth - their best finish since 1999.

2017 (SOPHOMORE)

Anderson had a breakthrough season as a sophomore, competing in all but one meet for the Huskers on still rings, despite only competing once as a freshman. Anderson was a huge asset to the team as he became a consistent and strong competitor on an event that NU struggled on in 2016. Anderson scored a season best on the event at the West Point Open with 14.45 and helped the team to the NCAA Championship Team Finals for the first time since 1999. Anderson was recognized by his coaches and his team for his offseason efforts by receiving the Most Improved Gymnast Award at the annual end-of-the-year banquet.

Anderson made strides in the classroom as well, earning a spot on the Nebraska Scholar-Athlete Honor Roll for the first time in his career in the fall of 2016.

2016 (FRESHMAN)

Anderson was one of four freshmen to join the Nebraska men's gymnastics team in 2016. He saw little action in the gym, only competing once on still rings for the Huskers against Oklahoma on Feb. 6. He posted a 13.00 against the Sooners.

Despite seeing little action as a freshman, he still made an impact outside of the gym. Anderson was named to the Tom Osborne Citizenship Team for his outreach to the community.

BEFORE NEBRASKA

Anderson trained with Xtreme Gymnastics under the direction of Coach Jeff Kelly and Coach Chris Sommers. Anderson graduated from Mountain View High School in 2014, where he ran track and went undefeated in wrestling.

2019 (SEASON OUTLOOK)

After an impressive junior season, Anton Stephenson will continue to be a driving force for the Huskers in 2019. After overcoming an injury in 2017, Stephenson eventually competed consistently on floor, pommel horse, vault, high bar and parallel bars in 2018. This season, Stephenson hopes to continue to help the team on all six events in pursuit of another appearance at the NCAA Championships team finals. Individually, Stephenson is aiming for another Big Ten medal and another All-America award in 2019.

Stephenson is expected to continue to be a leader in the classroom, as a three-time member of the Tom Osborne Citizenship Team and six-time member of the Nebraska Scholar-Athlete Honor Roll.

2018 (JUNIOR)

A returning All-American and the 2017 Big Ten vault champion, Anton Stephenson was a leader for the Huskers inside and outside the gym in 2018. Stephenson had a plethora of experience heading into his junior season, after appearing in every meet so far in his Husker career. Stephenson competed consistently on floor, pommel horse, vault and parallel bars and posted a career high of 14.70 on pommel horse. He claimed first place on vault and tied for first place on parallel bars, making first-team All-Big Ten for the second time. He was a six-time member of the Nebraska Scholar-Athlete Honor Roll.

2017 (SOPHOMORE)

An early season injury limited Stephenson to just four events for part of the season. He was named Big Ten Gymnast of the Week in February, after earning the Huskers' first score of 15.0 or better in the season on vault. He would be the only Husker to break the 15.0 mark in 2017, after doing it twice.

Stephenson got healthy enough to compete in the all-around at Big Tens, where he claimed the bronze medal. He also won the vault title becoming NU's first Big Ten Champion and first conference champion since 2002. At NAAs, he scored a season-best 82.70 in the all-around, helping the team to the finals for the first time since 1999.

Stephenson claimed seven individual titles in the regular season. He was rewarded for his efforts by his coaches and teammates at the annual end-of-the-year banquet, earning the Hardest Worker Award and Husker Power Lifter of the Year Award for his work in the weight room.

Outside the gym, Stephenson was named to the 2017 Tom Osborne Citizenship Team and earned spots on the Nebraska Scholar-Athlete Honor Roll in the fall and spring semesters. Additionally, he participated in the Nebraska Life Skills No Filter Service Trip to Nicaragua in May 2017.

2016 (FRESHMAN)

Stephenson quickly became one of NU's top competitors and only true all-arounder in 2016. He notched scores over 15.00 on floor, vault and parallel bars and set the school record in the all-around with a score of 88.90. He also claimed six individual titles and was named Big Ten Freshman of the Week three times, becoming the first Husker men's gymnast to win the award.

In the postseason, Stephenson advanced to the Big Ten Finals on vault and parallel bars. At the NCAA Championships, he helped the team to a seventh-place finish. Stephenson advanced to the finals on parallel bars where he finished seventh and earned All-America honors. He was also one of two Huskers to compete at the 2016 Winter Cup in Las Vegas.

NEBRASKA'S CONFERENCE HISTORY & HONORS

Note: Nebraska participated in the Big Eight Conference before 1995. After Iowa State dropped men's gymnastics following the 1994 season, the Big Eight Conference opted not to sanction a league championship meet because NU and Oklahoma were the only schools sponsoring a varsity team. NU entered the Mountain Pacific Sports Federation (MPSF) in 1995. The Huskers joined the Big Ten Conference for the 2012 season.

NEBRASKA'S CONFERENCE HISTORY & HONORS

Note: Nebraska participated in the Big Eight Conference before 1995. After Iowa State dropped men's gymnastics following the 1994 season, the Big Eight Conference opted not to sanction a league championship meet because NU and Oklahoma were the only schools sponsoring a varsity team. NU entered the Mountain Pacific Sports Federation (MPSF) in 1995. The Huskers joined the Big Ten Conference for the 2012 season.

NEBRASKA'S CHAMPIONSHIP TRADITION

College gymnastics' highest honor, the Nissen-Emery Award, has been presented annually since 1966 to an outstanding senior collegiate gymnast based on gymnastic achievement, sportsmanship and academic excellence.

The original Nissen Award was named in honor of George Nissen, a former NCAA champion, for his contributions to men's gymnastics. The award was re-named the Nissen-Emery Award in 1998 to honor Dr. Robert Emery, a Penn State graduate, who won the Nissen Award in 1969.

The "Heisman Trophy" of gymnastics, the Nissen-Emery Award is inscribed with the following motto:

"The true champion seeks excellence physically, mentally, socially and morally."

Nebraska's dominance of men's gymnastics throughout the 1980s is best illustrated by the three Huskers who captured the Nissen Award within a period of seven years.

Tom Schlesinger was the third NU recipient of the Nissen. He won the award in 1988, following former Huskers Jim Hartung (1982) and Wes Suter (1986).

NEBRASKA NISSEN-EMERY AWARD WINNERS

JIM HARTUNG, 1982

Jim Hartung captured Nebraska's first Nissen Award in 1982. A seven-time NCAA champion, Hartung led the Huskers to their first four NCAA team titles. The Omaha native capped his career as a member of the gold medal winning 1984 U.S. Olympic Team.

WES SUTER, 1986

Wes Suter won the Nissen Award in 1986 to cap a brilliant career in which he won the 1985 NCAA all-around title and two NCAA individual event championships. He competed for the United States in the 1988 Olympic Games.

TOM SCHLESINGER, 1988

Tom Schlesinger earned the Nissen en route to winning the 1987 NCAA all-around title. He earned NCAA All-America status seven times and went on to capture a spot on the 1988 Olympic Team as the United States' top alternate.

Nebraska's Nissen-Emery Award winners include Wes Suter, Jim Hartung and Tom Schlesinger. This photo, taken in 1988 after Schlesinger won the award, includes (from left) Bob Devaney, Suter, Jim Howard, George Nissen, Francis Allen, Hartung and Schlesinger.

NEBRASKA'S OLYMPIANS

One of the nation's premier programs, Nebraska has produced nine athletes who have earned 11 U.S. Olympic positions, including a two-time Olympic appearance by current Nebraska assistant coach Jim Hartung. Former Head Coach Francis Allen was also a two-time Olympic team head coach for the 1980 and 1992 teams.

JIM HARTUNG: 1980, 1984

A two-time Olympian, Jim Hartung helped the 1984 U.S. squad to the gold medal. It marked the only time in Olympic history that the U.S. men have claimed team gold. A 22-time NCAA All-American and seven-time NCAA champion, Hartung won NCAA all-around titles in 1980 and 1981, was second in 1982 and third in 1979. In addition, Hartung won three straight NCAA still rings titles (1980-82) and back-to-back NCAA parallel bars crowns (1981-82). As a freshman in 1979, Hartung led NU to its first national championship. During his Husker career, Hartung guided NU to four straight national championships. An Omaha native and South High School graduate, Hartung was a product of the Cahoy School of Gymnastics. In 1982, Hartung became NU's first Nissen Award winner.

PHIL CAHOY: 1980

One of three Huskers on the 1980 Francis Allen-coached U.S. Olympic team, Phil Cahoy was a 10-time NCAA All-American at Nebraska. Like Jim Hartung, Cahoy was an Omaha South High School graduate. He trained under his father, Phil Cahoy Sr., at the Cahoy School of Gymnastics before coming to Nebraska. As a Husker, he was a key figure on four NU squads that won national championships (1980-83). Individually, he was a four-time NCAA champion, winning back-to-back NCAA parallel bars and horizontal bar national titles in 1980 and 1981.

LARRY GERARD: 1980

One of three Huskers on the Francis Allen-coached 1980 U.S. Olympic team, Larry Gerard was a seven-time NCAA All-American while at Nebraska. In 1979, Gerard finished fifth in the all-around to help Nebraska win its first national championship.

JIM MIKUS: 1984

The alternate for the gold medal winning 1984 U.S. squad, Jim Mikus was a five-time NCAA All-American at Nebraska. He was a valuable contributor for NU's national championship teams in 1981, 1982 and 1983. Mikus was a two-time NCAA All-American on the floor exercise and horizontal bar, and finished fourth in the all-around in 1982.

SCOTT JOHNSON: 1984, 1988

One of two Huskers who were two-time Olympians, Scott Johnson was a member of the gold medal winning U.S. squad in 1984. An 11-time NCAA All-American, Johnson was a three-time national champion at NU. At the 1983 NCAA Championships, Johnson won the floor exercise, parallel bars and horizontal bar national titles and placed second in the all-around.

WES SUTER: 1988

One of three Huskers on the 1988 U.S. Olympic squad, Wes Suter became NU's second Nissen Award winner in 1986. A five-time NCAA All-American at Nebraska, Suter finished his Husker career as a three-time NCAA champion. At the 1985 NCAA Championships, Suter won national titles in the all-around, floor exercise and horizontal bar.

KEVIN DAVIS: 1988

A member of the 1988 U.S. Olympic team, Kevin Davis was a seven-time NCAA All-American for the Huskers. Davis was a two-time NCAA champion, winning parallel bars titles in 1987 and 1988. He helped NU to the 1988 national title, finishing third in the all-around.

TOM SCHLESINGER: 1988

One of three Huskers on the 1988 U.S. Olympic team, Tom Schlesinger was a seven-time NCAA All-American at Nebraska. At the 1987 NCAA Championships, Schlesinger won the all-around and parallel bars national titles on his way to winning the Nissen Award in 1988.

TRENT DIMAS: 1992

A standout on the high bar, Trent Dimas won the only U.S. gymnastics medal at the 1992 Olympics with a 9.875 for a gold medal on the high bar. Dimas picked up two NCAA All-America awards for the Huskers in 1990, placing second in both the floor exercise and horizontal bar. Dimas' gold medal is the only individual gold medal an NU gymnast has won.

FRANCIS ALLEN: 1980, 1992

A two-time Olympic team head coach, Francis Allen was selected to guide the U.S. squad in 1980 and in 1992. During his 40 seasons at NU, the Huskers won eight national titles, including an unprecedented five straight titles from 1979 to 1983, and finished second on seven other occasions. In addition, Allen's gymnasts captured 42 individual titles and three Nissen Awards. Allen retired as NU's head coach following the 2009 season.

THE UNIVERSITY OF NEBRASKA

The University of Nebraska was chartered by the Nebraska Legislature in 1869 as the state's public university and land-grant institution. Founded in Lincoln, the University of Nebraska was expanded in 1968 into a state educational system now comprising four campuses under the guidance of a Board of Regents and a central administration. Nebraska, which joined the Big Ten Conference in 2011, is a member of the Big Ten Academic Alliance, a consortium of Big Ten universities and the University of Chicago, which has generated unique opportunities for students and faculty by sharing expertise, leveraging resources and collaborating on programs.

BIG TEN ACADEMIC ALLIANCE

As a member of the Big Ten, the University of Nebraska-Lincoln (UNL) is a member of the Big Ten Academic Alliance (BTAA), formerly the Committee on Institutional Cooperation, which is the academic consortium of the universities in the Big Ten Conference. The consortium was renamed on June 29, 2016. The BTAA includes all 14 Big Ten Institutions and the University of Chicago. The Big Ten Academic Alliance and the institutions together have annual research expenditures topping \$10.2 billion — more than the Ivy League and the University of California System combined — and they educate a total of nearly 600,000 students with approximately 50,000 full-time faculty members.

BOWLING

On July 1, 2011, the University of Nebraska became an official member of the Big Ten Conference, increasing the Big Ten's membership to 12 institutions for the first time in conference history. The addition of Nebraska marked the Big Ten's first expansion since Penn State joined the conference in June of 1990. The nation's oldest conference continued to grow with the addition of Maryland and Rutgers in the summer of 2014. The Big Ten Conference is a union of 14 world-class academic institutions – who share a common mission of research, graduate, professional and undergraduate teaching and public service. The conference's 100-plus years of history, strong tradition of competitive intercollegiate athletic programs, vast and passionate alumni base, and consistent leadership in innovations position the Big Ten and its entire community firmly on the Big Stage.

The Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics and emphasize the values of integrity, fairness and competitiveness in all aspects of its student-athletes' lives, with the ultimate goal of ensuring that each individual has the opportunity to live a Big Life.

BIG TEN CONFERENCE HIGHLIGHTS

- Big Ten universities provide approximately \$200 million in direct financial aid to nearly 9,500 student-athletes on 350 teams across 42 sports.
- The Big Ten sponsors 28 official conference sports, 14 for men 14 for women.
- More than 120 years after its inception, the Big Ten remains a national leader in intercollegiate athletics on and off the field. Big Ten programs have combined to win more than 450 team and 1,800 individual national championships, consistently taking home individual honors for athletic and academic accomplishments and fulfilling the Big Ten's mission of academic achievement and athletic success.
- The Big Ten leads the nation in total student-athletes and participation opportunities, while sponsoring more official sports than all conferences other than the Ivy League.
- Nearly 1,400 Big Ten student-athletes and coaches have participated in the Olympics, winning at least 480 medals, including nearly 250 gold.
- The Big Ten leads all conferences with more than 5.7 million living alumni and 520,000 students.

BIG TEN NETWORK

Headquartered in Chicago, the Big Ten Network is the first internationally distributed television network dedicated to covering one of America's premier collegiate conferences.
